## **Petition for Wider Walkways**

As everyone that goes to Westfield knows, the walkways towards the shopping centre can become extremely congested. The congestion of these side paths is detrimental to many as it poses a risk of people being shoved onto the road and into harm's way. The ever-increasingly population of Westfield-goers from both Burwood and outer-Burwood flock to the large shopping centre every day with around 13,300,000 people shopping there annually. As a result of this, it is important that we take action immediately and raise awareness for this incoming problem.
